Coverage for Technology Firms

RMA's Property, Casualty and Errors & Omissions (E&O) insurance is designed to provide comprehensive coverage for a wide range of technology hardware and software firms. Our program is written through domestic insurers, licensed in Canada, with an A.M. Best rating of "A".

Target Classes

- Software Development
- Computer Storage Devices
- Computer System Consulting
- Peripheral Equipment
- Prepackaged Software
- Computer Manufacturing

Program Features

- CGL limits up to \$10M on a Primary or Excess Basis
- Coverage available for Hardware and Software Firms
- Errors & Omissions limits up to \$10M
- Minimum Premium of \$5,000
- Available in all Provinces except Quebec

We offer brokers and insureds **customizable, innovative insurance solutions** to address their technology client needs. Our **best-in-class quoting and binding system** allows us to review submissions and provide timely feedback to our brokers.

RMA has partnered with CAFO to provide premium financing.
